A SUNSET IDYL.

I was gazing on the sunset,
Leaning on a rustic stile,
With a young and dainty maiden
Standing near me all the while.
We were under apple-blossoms,
Pearled with gleaming drops of rain,
And we heard the dreamy music
Of a brooklet in the lane.

And the dying sunset lingered'd
Round this maiden queen of girls;
Won a brightness from her glances,
Gave a sparkle in her curls
Then I spoke of Summer evenings,
And rambles in the dells;
But I only thought of wooing,
And the sound of marriage-bells.

And I dream'd of all the gladness
That a wedding-morn would bring—
Of a round and rosy finger
Circled with a golden ring!
In the warm and purple distance,
Ivy clasp'd the church was seen;
With the maiden there I'd wander'd,
Often there—in dreams—had been.

Midst the lilies and the lilacs,
In the Summer's lustrous eves,
Have our whispers oft been mingled
With the flattering of the leaves,
In such moments of love and beauty
Fill the heart—there linger long;
Like the charm forever present
In the poet's sweetest song.

When no longer glow'd the sunset,
Still I leant upon the stile,
And the maiden gave her promise—
Yes, her promise—with a smile,
Memory still turns to that sunset,
Of that evening fondly tells,
And the morning when we listen'd
To the sound of marriage-bells.

HOW ONE OF THE MASSACHUSETTS NEGROES WAS ELECTED, AND HIS FITNESS.—The Boston correspondent of the New York *Times* furnishes that paper with the following information in regard to Walker, one of the negroes recently elected to the Massachusetts legislature:

Edward Garrison Walker, by far the most able man of the two, was nominated by the Republicans of Ward Three, in Charlestown but on election day the men of that party in that city failed to support him. At 2 o'clock in the afternoon of election day it became apparent that he would not be elected. The polls closed at 4 o'clock, and he needed fifty votes to place him among the chosen, and those fifty were cast by members of the Democratic party, which insured his election. He is a lawyer of considerable ability, has an extensive practice in Charlestown and Boston, and is extremely popular as a man and an orator in the first named city. He evinced a warm interest in the Fenian cause last June, which doubtless gained him the Democratic votes. It is stated that the latter party did as much toward his election as the Republicans, though he has always been identified with and an exponent of the principles of the latter. Mr. Walker is a son of that Walker who more than thirty years ago caused such an overwhelming excitement in Charleston, South Carolina, by a pamphlet distinguished in the annals of anti-slavery warfare, and his son has been enabled to create a somewhat similar excitement in Charlestown Massachusetts, by being chosen a legislator. It was thought that the nomination was not made in good faith by the Republicans, and that his chances of obtaining a seat in the halls of legislation were slim, and the astonishment and excitement in the evening, when his election was declared, were great. He has studied well into the great questions appertaining to our national welfare, is well informed on all subjects discussed at this day, and as an orator will have but few equals in the House. His arguments are clear, concise and conclusive, and at one time during the campaign of 1865, I heard him deliver a speech in a caucus in Charlestown that completely humiliated one of the most prominent politicians of that city. The latter accused a delegation (of which Walker was a member) of not doing their duty in a Convention to which they were sent, and Walker, in a short speech cowed him so completely that the politician was forced to beg his pardon before the assemblage. A brilliant future is predicted for Mr. Walker by his friends, who hope to see him in the Gubernatorial chair or in Congress; and his chances for either are good, if he serves with credit his present term in the House, as he has become extremely popular, more especially since his election.

OUR Auburn correspondent having become satisfied as to the prospect obtained from the quartz claims near that suburban village, devoted most of the past week in buying shares, and neglected to furnish his usual interesting letter.

A MAN who cannot be reached by argument, who cannot inform himself of the questions upon which he is to act, who cannot read the very ballot he casts, has no more right to vote than an idiot.—*Portland Press.*

THE damage sustained by the fire which occurred at Mobile, Alabama, on the night of Sunday last is estimated to be $800,000.

CHARGES REDUCED.—The tariff rates of the Telegraph Company have been considerably reduced on messages between California and the Atlantic States. The *Alta*, speaking of the change says that hitherto messages sent from this coast, were always required to be prepaid, and it often occurred that messages were received from persons in the East, requiring an answer from the recipient of the message, and although the message was of no interest, yet the answer had to be prepaid or not sent. This cause of complaint has now been removed by the rule just adopted and advertised, which allows messages to be collected at either end of the line, always considering the parties sending and receiving as responsible. This will be a source of convenience and much satisfaction. The rate for messages going East has been nearly eight dollars in gold while messages from the East were charged the same rate in the currency of the country. This has worked to the disadvantage of California messages overland, and been a source of annoyance. The rate hereafter for messages of ten words will be $6, in gold, and a like proportion for additional words, which is a reduction of about 26 per cent. from former charges. Both these favorable rules of the Company will be received with pleasure by the business community doing business with the East. It is proper to state in this connection that the Company has now in good working order two separate lines of telegraph wire between this city and Chicago, and a corps of efficient operators and repair employés to keep them in working order, so that business will hereafter be done with despatch. Between Chicago and New York there is a large number of wires, some of which will at all times be ready for use in the transmission of business between New York and San Francisco. The lines from Omaha to the Pacific will also be under the charge of the President of the Company here, which will materially assist in keeping them in working order. With this new order of arrangements it is reasonable to expect the utmost despatch in business, and only when lightning and tempest take charge of the wires, and manufactured electricity is powerless against them, there will scarcely be a chance of interruption. The storms on the Plains in the spring, and continuing sometimes into the month of June, are often of such a terrific character that the operators have to "cut out" their instruments, or run the risk of having them destroyed, and possible personal harm.

FLORENCE
SEWING MACHINE.

Copy of the Report of the Committee of Awards at the Fair of the
AMERICAN INSTITUTE
NEW YORK, 1865.

To the FLORENCE SEWING MACHINE CO. for the Best Family Sewing Machine,
HIGHEST Premium! Gold MEDAL!

REASONS:

1st.—Its simplicity and great range of work.
2d.—The Reversible Feed Motion.
3d.—The perfect finish and substantial manner in which the Machine is made.
4th.—The rapidity of its working and the quality of the work done.
5th.—The self-adjusting Tension.

The Florence was awarded the first and highest premium at the State Fair of California, the only Fair on the Pacific coast at which any two double thread Sewing Machines were exhibited in competition in 1865.

The Florence received the only premium awarded, by the Mechanic's Institute of San Francisco, in 1864 and 1865, to any Sewing Machine, Sewing Machine Co., or Agent. The claim of a competitor to a medal is without any foundation whatever.

Wherever the Florence has been brought in competition with other Sewing Machines, it has always been declared the best. It is the most simple, the most substantial, the most efficent, and its use is easily learned. Every Machine sold is guaranteed in the full sense of the word.

THE LIGHT OF THE WORLD.

DR. MAGGIEL'S

PILLS AND SALVE!

These Life-giving remedies are now given to the world. For over a quarter of a century of private practice the ingredients in these

LIFE-GIVING PILLS!

Have been used with the greatest success. Their mission is not only to prevent disease, but to cure. They search out the various maladies by which the patient is suffering and re-invigorate the failing system. To the aged and infirm a few doses of these valuable PILLS will prove to be

A VERY FOUNTAIN OF YOUTH,

For in every case they add new life and vitality, and restore the waning energies to their pristine state. To the young and middle-aged, they will prove most invaluable, as a ready, specific, and startling medicine. Here is a dream realized, that Ponce-de-Leon sought for three hundred years ago, and never found. He looked for a fountain that would restore the old to vigor and make youth ever

AN ETERNAL SPRING!

It was left for this day and hour to realize the dream, and show in one glorious fact, the magic that made it fair.

THESE FAMOUS REMEDIES!

Cannot stay the flight of years, but they can force back and hold aloof, diseases that might triumph over the aged and the young. Let none hesitate then, but seize the favorable opportunity that offers. When taken as prescribed—

FOR BILLIOUS DISORDERS

Nothing can be more productive of cure than these Pills. Their almost magic influence is felt at once; and the usual concomitants of this most distressing disease are removed. These remedies are made from the purest

VEGETABLE COMPOUNDS.

They will not harm the most delicate female, and can be given with good effect in prescribed doses to the youngest babe.

FOR CUTANEOUS DISORDERS

And all eruptions of the skin, the SALVE is most invaluable. It does not heal internally alone, but penetrates with the most searching effects to the very root of the evil.

SEMI-WEKELY ENQUIRER.

SATURDAY, FEBRUARY, 16, 1866.

ALL IS WELL THAT ENDS WELL!

Nations, like individuals, learn wisdom by experience. Fortunate, indeed, are they if they learn ere it be too late, that no policy, however cunningly devised, that is not founded on eternal "justice," on immutable "RIGHT," can lead to permanent peace, prosperity and greatness. The people elected Franklin Pierce in 1852, and James Buchanan in 1856, the former as a finality to heal all difference and give lasting peace to the country. The latter, under low, far-off mutterings of menace, and demands deemed unconstitutional and unjust; to avoid conflict, preserve peace and fraternal relations between the North and South. In 1860, the people elected Abraham Lincoln as a matter of right. The events which have followed in vindication of that right have passed into history. And when they shall pass in review before the historical student, in the ages looming up so grandly on the horizon of the present, they will form the brightest, most eloquent page in the annals of American greatness.

In 1865 the "people" were again importuned through the politically blind, obstinate, accidental incumbent of the office of Chief Magistrate, backed by so many as he could carry with him; who, like the "Bourbons" can learn nothing by experience, to restore to power, state and national, indiscriminately, a body of men who, disregarding their sworn obligations, the most sacred rights of government, and of humanity, essayed "to wade through blood and slaughter to absolute dictatorial power" on this continent. A body of men who, having forfeited all their rights and immunities under the Constitution; and having through a clemency greater than any of which history has any record, been restored to their most valuable rights and privileges, still stretched forth their hands to strike the Goverment. For they who strike at loyal men, simply because of their loyalty, strike directly at the Government; strike at every loyal citizen of the Republic. The people at the election of '66, answered these graceless importunities with an emphatic No! Their representatives, standing steadfastly by their pronounced judgment, have demanded a restoration of the late rebellious states on principles of equal and immutable justice, and with guarantees designed to protect the rights, persons and property of each and citizen, without regard to loyal or rebel antecedents, race or color. Their demands—if the telegraph is to be relied upon—are about to be embodied in law by Congress as will be seen by reference to the plan of reconstruction proposed by Elliot, of Massachusetts, and which passed the House after a brief debate under the previous question by a vote of 113 to 48. Such unanimity is an earnest that it will pass the Senate, become a law, be complied with by the South, and eventually be received as a most wise, just and salutary measure; the sure foundation of security, order, peace, with their necessarily attendant blessings of industry, increased prosperity and happiness. Thus the people, through Congress, standing immovable by the principles of Right and Justice, will go down through all the treacherous quicksands of compromise and build on the rock-foundation of equal law and Justice.

INDIAN ATTACK IN LOWER BOISE.—We learn says the Boise City *Statesman* of Jan. 31st, from Mr. Cole, a resident of Boise valley, the following about the Indian raid near the mouth of Boise: A man named Glass, and two others, were out hunting between the Boise and Snake rivers. They went with their wagon until it became difficult on account of the sage brush, when they mounted their horses. On their return to the wagons one of the men saw what he supposed to be a hare behind a sage bush; and tried to get a shot at it, but it proved to be an Indian, who shot him in the arm. Another Indian shot at the same time and they all fled. A party of men afterwards went in pursuit, and reported seeing five Indians. Mr. Glass had his arm broken by the shot. The Indians got the horses.

MORE INDIAN DEPREDATIONS.— On the night of January 22d a band of Indians made a raid upon the stock of McColley & Snap, at Queen's River Station, and succeeded in running off six head of cattle and four fine horses. The citizens started in pursuit, but after tracking them some three miles were compelled to abandon the chase on account of a heavy fall of snow. The people in that neighborhood have been compelled to remove their stock to Paradise Valley and Humboldt River, in order to save them. Evidently a bad state of affairs exist in that section, particularly when it is within one mile of Camp McDermit.

On the night of the 4th instant the Indians visited the ranch of Mr. Hayward, on Flat creek 18 miles this side of Quen's river, and drove off his entire band of stock, the number we did not learn. If the lives of our citizens and their property are to remain much longer at the mercy of these red devils, even within gun range of military camps, we shall advise that the people take the matter into their own hands and wage a war of indiscriminate slaughter of them.

[COMMUNICATED.

DUTCH FLAT, Feb. 13, 1867.

MR. EDITOR:—To-night M. E. B. takes a notion to chat awhile with the ENQUIRER; it will neither occasion "Family Jars" nor "Turn Him Out;" nor be in any way likely to draw out the "beauty, chivalry, wealth, business capacity, feathers and rags of Dutch Flat." If the matter-of-fact husbands and matter-of-fact wives don't approve, they'll say nothing, they needn't come out, and "snarling cynics" can snarl. "From the fulness of the heart the mouth speaketh," and from the papers, I write-est to-night. I scarcely need introduce my subject, Embezzlement. The times are not only hard, but "the time is out of joint" when men become so familiar with vice as to let it pass without even an apology; and with crime, as to justify it. Speaking of it as a very little matter, because those who have been guilty have not only escaped unwhipped of justice, but have retained their social position; vice and crime are in a flourishing condition, unrebuked. Financial dishonesty is, and has been, so common we cease to wonder at it. Defalcations are taken as a matter of course. Swindling and embezzlement have become fashionable accomplishments and a man's character is not a whit damaged by being detected in marching off with a hundred dollars. Instead of being taken to the penitentiary with the accompaniment of the "Rogue's March," the swindler dwells in marble halls, and his ears are delighted with the plaudits of the multitude. The stupendous swindler is looked upon as a "smart man," while the petty thief is a mean, degraded wretch. The man who violates confidence and successfully robs thousands is regarded with admiration as a sharp, shrewd, long-headed operator; while the poor woman who takes a handful of chips to keep her children from freezing is an abandoned thief. The one moves in the most "fashionable circles," the other is made the inmate of a cell. One hears a universal expression of sympathy, if by chance some stern avenger of his wrongs brings the defaulter before a court of justice—the other passes from the court amid a buzz of disgust and contempt for the mean crime committed. It is a sad thing for society when a particular class of crimes become fashionable, and criminals stalk through society with heads erect and unblushing front, and are courted instead of spurned by their fellow-men. Who hasn't seen men—we have—who have been detected in swindling the community out of thousands of dollars, as much respected on the public mart as though they had been public benefactors. Society has even gone so far as to give soft and pleasing names to the criminal and his crimes. The swindler and defaulter is called an "operator." His crimes and defalcations are simply "appropriations." As we cannot escape defilement while delving in a cesspool, so we may not expect to escape moral pollution when surrounded with an atmosphere of moral uncleanness. While there is an instinctive feeling in the heart that leads us, at first, to hate vice and shudder at crime, familiarity breaks down the barrier that keeps us from participation in it. The oft quoted lines of Pope show that the poet knew human nature well:

"Vice is a monster of so frightful mien,
As, to be hated, needs but to be seen;
Yet seen too oft, familiar with her face,
We first endure, then pity, then embrace."

HOW TO BE AGREEABLE IN A PRINTING OFFICE.—As many of our friends are modest when they call upon us, giving us great trouble in bearing the burden of conversation we will give them a few hints clipped from an exchange where by they can make themselves extremely sociable and learne everything connected with our affair at the same time: If you want to make yourself agreeable in a printing office, step into the sanctum first. If the editor is writing or proof-reading, take a seat alongside of him, and tell him how you started in business, about your dog, your horse, your wife and baby, or if you can remember, your boyhood's sports. Should the editor manifest a disposition to be inattentive to your story, stick to it and go through with it. Should one of the compositors or the "devil" step up and ask for "copy," whether the proof is read, or if either is done, you should, by all means, ask what the article is about, and insist on seeing it. Of course the editor will read it for you, and profit by your opinion as to its fitness to go into the columns of the paper. After thus entertaining the editor, step into the composing room ask each one of the hands as many questions as to the cases, letters, etc., as may be agreeable to yourself. Then begin to whistle. All printers ar fond of whistling. Give them at least three or four jigs. Then sing "Milwaukee" and "Ham Fat Man." Before leaving the office, you should take hold of the hand press, give it a pull and let it fly back, just to see how it works. Don't forget to squirt tobaco juice on the "devil's" feet, or examine everything in shape of matter on the stone, even if you do knock some of it into pi—that will only put the patience of the printers to a fair test. On leaving the office be sure to promise another visit at an early day, and our word for it, you will be held in "fond rememberance" for a long time.

SEMI-WEEKLY ENQUIRER.

LETTER FROM SAN FRANCISCO.

[FROM OUR SPECIAL CORRESPONDENT.]

SAN FRANCISCO, February 14th, 1867.

MR. EDITOR:—Few things are more disagreeable in this life than to be compelled to write, *nolen volen*, when from a variety of causes a man does not feel up to the mark. We have had one of our old disagreeable days, cold, windy, dusty, if juvenile cobble stones can be called dust; business is dull, very dull, and altogether, I feel cross, unwell, and any thing but fit to write. In this mood when a good grumble is a relief to depressed spirits, I feel like having a bout with the City Fathers on the condition of

THE STREETS.

At certain seasons of the year you manufacture considerable dust in your part of the country, especially on the road over the mountains, but then you generally keep it on the ground, and the annoyance is comparatively trifling. With us in San Francisco, it is quite different, and it seems to get worse the richer we grow as a corporation. Is it not strange, that a city continually boasting of its enormous wealth, cannot afford to keep a sufficient number of sprinklers to make it endurable? There never was, perhaps, a city in the world so badly managed in this respect, as ours. In fact, we are a disgrace to the nation. At this particular time, it is especially so. The late rains have accumulated a vast amount of dirt, little of which has been removed; this has rapidly dried, and mixing in its flight with brick dust and pulverised lime, from the numerous buildings in course of erection, it is impossible to describe the punishment of those who have to pass out of Montgomery street. The wind coming stiff from the North, the southern portion of the city, for two days, has been worse than London in one of her thickest fogs. No wonder so many complain of sore eyes, diseased throats and affections of the skin.

THE GREAT AEROLITE.

Somewhere down by Los Angelos, or Santa Barbara, this strange visitor was supposed to fall with a juvenile earthquake, perfumes of brimstone, and I don't know what. The commotion was felt as far north as Gilroy, near San Jose. Mother Grundy (the *Alta* is inclined to ridicule the matter, but the light was seen by parties *in our house* so distinctly as to really frighten them. The body of fire was apparently two feet long, and one foot broad. It did not traverse the heavens in the direction indicated by the *Alta*, but the opposite, so it is evident Mrs. Grundy did not see it. I was at home at the time, and can vouch for the accuracy of my statement. I suppose in a day or two, we shall have some further accounts, beyond the meagre telegram received. Whatever its origin, it is certainly a very marvellous and very awful flame of fire to be seen so distinctly in broad daylight.

REDUCTION OF TELEGRAPHIC CHARGES.

This long desired reform has at last been officially announced, not only from here to New York, but thence by the cable to London. Formerly ten words hence to New York cost eight dollars; they will now be sent for six. A reduction equal to twenty-five per cent. will also be made on each additional word over the ten. This is indeed pleasant news to hear. The telegraph has become an indispensable element in every phase of life; a blessing of the highest kind; and yet, so far, on account of the rates, many were debarred the enjoyment of its privileges. In reference to the cable, the same evil existed. The original price was five dollars and a quarter for every word. Subsequently that rate was was reduced one half. After the first of next March, the prices will be reduced again one-half. It was found that the cable, on account of the high tariff, was only employed four or five hours a day, notwithstanding there was plenty of business to keep it employed nearly all the time, could the public have afforded to pay the price. Doubtless, this reduction will treble the revenue of the company, the same as the plan of Rowland Hill trebled the revenue of the Postoffice department. How fast the principles of *Free Trade* are getting to govern mankind! Whatever the vast aggregate of mankind want, they will assuredly have if you only place it within their means. This, however, is a lesson our steamboat companies have yet to learn; unfortunately, at present, we have not the means of bringing it home to them with a sufficient pressure. Perhaps the Axitor, if successful, will do it.

A DISGRACEFUL RIOT.

Our city has just been disgraced by a foul outrage, the particulars of which is too long to give. Suffice to say, a crowd of some four hundred loafing hunamers attacked the Chinese laborers off the public works and mills, and seriously hurt many of them. Too lazy to work themselves, they are too vicious to see others reap the reward af their extortion.—Perhaps white men could not live on a dollar and twelve cents a day; but if they had worked for a *reasonable rate* in proportion to to the reduced price of living, the Chinese probably would not have been employed, at least to the extent they are now in all branches of industry.

GUBERNATORIAL ELECTION.

I am glad to understand the requisition to Caleb T. Fay, Esq., to allow himself to be put in nomination for Governor, will be sent you to-day. The requisition, as you see, embraces most of the leading firms in this city, which will necessarily have great weight, for it is seldom such an array of names can be united on one man. The private character, and business capacity of Mr. Fay are above anything I can say for him. He has been in California since 1849; for many years a merchant of the highest standing, and, now President of the Union Insurance Company, and of the Board of Underwriters. San Francisco has chosen him as her especial favorite, and, you may rest assured, will sustain him. As I have already said, I am no politician, but I am deeply interested in the welfare and integrity of the country. HERMES.

"JES' SO!"—"EXACTLY!"—Solon Shingle said; they were there "every time." If he felt "owley" in the morning, he took Plantation Bitters; if he felt weary at night he took Plantation Bitters: if he lacked appetite, weak, languid, or mentally oppressed, he took Plantation Bitters and they never failed to set him on his pins square and firm.

A few bottles of PLANTATION BITTERS
Will cure Nervous Headache,

Liver Complaint and Dyspepsia.

After a long research, we are able to present the most pleasant, the most remarkable cure for those horrid nightmare diseases the world has ever produced. Within one year over six hundred and forty thousand persons have taken the Plantation Bitters, and not an instance of complaint has come to our knowledge!

It is a most effectual tonic and agreeable stimulant, suited to all conditions of life.

The report that it relies upon mineral substances for its active properties are wholly false.

The original quality and high standing of these goods will be sustained under every and all circumstances. They have already obtained a sale in every town, village, parish and hamlet among civilized nations. Base imitators try to come as near our name and style as they can, and because a poor article cannot be sold as low as a good one, they find some support from parties who do not care what they sell. Be on your guard. See our private stamp over the cork.

Cuts, bruises, sprains and swellings are so common and certain to occur in every family, that a bottle of this Liniment is the best investment that can be made.

It is more certain than the doctor—it saves time in sending for the doctor—it is cheaper than the doctor, and should never be dispensed with.

"In lifting the kettle from the fire, it tipped and scalded me terribly. * * * The Mustang Liniment extracted the pain and healed the sore to heal rapidly, and left very little scar.

CHAS. FOSTER, 420 Broad str., Phil.

Mr. S. Litch, of Hide Park, Vt., writes: "My horse was considered worthless, (spavin) but since the use of the Mustang Liniment I have sold him for $150. Your Liniment is doing wonders up here."

THIS valuable preparation, containing in a highly concentrated form all the properties of the Jamaica Ginger, has become one of the most popular domestic remedies for all diseases of the stomach and digestive organs.

As a tonic it will be found invaluable to all persons recovering from debility whether produced by fever or otherwise, for whilst it imparts to the system all the glow and vigor that can be produced by wine or brandy, it is entirely free from the reactionary effects that follow the use of spirits of any kind.

It is also an excellent remedy for females who suffer from difficult menstruation, giving almost immediate relief to the spasms that so frequently accompany that period.

It gives immediate relief to Nausea, caused by the riding in a railroad car, or by sea-sickness, or other causes. It is also valuable as an external application for Gout, Rheumatism, Neuralgia, etc.

HOPE FOR THE AFFLICTED.—In another part of this paper will be found the advertisement of the celebrated Institute established by Dr. J. C. YOUNG, in 1850. In this age of deceit and charlatanism, it is a boon to the suffering to point out to them where they are sure of obtaining the wished for relief and cure. Under the care of the skilful Doctor the sick and troubled can divest themselves of their burdens of pain; lay aside their cross, and secure health and happiness. If you are sick or in trouble, do not hesitate. Read the advertisement and follow the advice. Do not forget the number or the manner of directing your letters. MEDICAL ADVICE.—DR. WM. K. DOHERTY'S Medical and Surgical Institute is becoming a sine quo non to the welfare of our State and health of our citizens; and his rapidly spreading reputation, although it may excite surprise, is but the signal of skill, and follows as the natural result of such a cause. We are personally acquainted with gentlemen who had suffered for years under chronic disease, and who had taken advantage of every available means that promised relief, but without success, until they called upon Dr. Doherty, who, in an incredibly short space of time, has given them entire relief. It is gratifying to announce this fact, because the Dr. is a gentleman who seeks, not by defamation of others to establish his reputation or rmin of another's name. The Doctor conducts his own Institute in such a manner must be gratifying to all his patients. He examines, advises, and receives means without charge, and the patient, after hearing his terms for treatment, can accept or reject at pleasure. In no case does the Doctor make a charge unless he effects a cure. This he is able to do, because he feels the confidence which long experience has given, and no doubt the consolation which appertain to that confidence. Persons afflicted with either acute or chronic disease, would do well to consult the Doctor; at all events, it can do no harm, as for consultation he asks no fee; nor does he insist on obedience to his advice unless the patient places himself under his care. His offices are on Sacramento street, opposite the Pacific Mail Steamship office.—News

A NEW AND GRAND EPOCH IN MEDICINE.—Dr. Maggiel is the founder of a new Medical System! The quantitarians, whose vast internal doses enfeeble the stomach and paralyze the bowels, must give precedence to the man who restores health and appetite, with from one to two of his extraordinary Pills, and cures the most virulent cases with a box or so of his wonderful and all-healing Salve. These two great specties of the Doctor are fast supersceding all the stereotyped nostrums of the day. Extraordinary cures by Maggiel's Pills and Salve have opened the eyes of the public to the inefficiency of the (so called) remedies of others, and upon which people have so long blindly depended. Maggiel's Pills are not of the class that are swallowed by the dozen, and of which every box full taken creates an absolute necessity for another. One or two of Maggiel's Pills suffices to place the bowels in perfect order, tone the stomach, create an appetite, and render the spirits light and buoyant! There is no griping, and no reaction in the form of constipation. If the liver is affected, its functions are restored; and if the nervous system is feeble, it is invigorated. This last quality makes the medicines very desirable for the wants of delicate females. All Uterous and eruptive diseases are literally extinguished by the disenfectant power of Maggiel's Salve. In fact, it is here announced that MAGGIEL'S BILIOUS, DYSPEPTIC AND DIARRHŒA PILLS cure where all others fail. Which for Burns, Scalds, Chilblains, Cuts and all abrasions of the skin MAGGIEL'S SALVE is unrivalled. Sold by J. MAGGIEL, 11 Pine street, New York, R. H. McDonald & Co., San Francisco, and all Druggists, at 25 cts. per box.

MEDICAL.

FRENCH MEDICAL OFFICE.

DR. JULIEN PERRAULT, Doctor of Medicine of the Faculty of Paris, Graduate of the University Queen's College and Physician of the St. John Baptiste Society of San Francisco.

DR. PERRAULT has pleasure to inform patients, and others seeking confidential medical advice, that he can be consulted daily at his office, Armory Hall Building, North-East corner Montgomery and Sacramento streets, San Francisco. Rooms No. 9, 10, 11, first floor, up stairs entrance either Montgomery or Sacramento streets.

DR. PERRAULT'S studies have been almost exclusively devoted to the cure of the various forms of Nervous and Physical Debility, the results of injurious habits acquired in youth, which usually terminate in impotence and sterility, and permanently induce all the concomitants of old age. Where a secret infirmity exists involving the happiness of a life and that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their sources in causes, the germ of which is planted in early life, and the bitter fruit tasted long afterward; patients, laboring under this complaint, will complain of one or more of the following symptons: Nocturnal Emissions, Pains in the Back and Head, Weakness of Memory and Sight, Discharge from the Urethra on going to stool or making water, the Intellectual Faculties are Weakened, Loss of Memory ensues, Ideas are clouded and there is a disinclination to attend to business, or even to reading, writing or the society of friends, etc. The patient will probably complain of Dizziness, Vertigo, and that Sight and Hearing are Weakened and sleep disturbed by dreams, melancholy, sighing, palpitations, faintings, coughs and slow fever; while some have external rheumatic pain, and numbness of the body. Some of the most common symptons are pimples in the face and aching in different parts of the body. Patients suffering from this disease, should apply immediately to DR. PERRAULT, either in person or by letter as he will guarantee a cure of Seminal Emissions and Impotence in six to eight weeks.

Patients suffering from venereal diseases in any stage Gonorrhea, Gleet, Strictures, Bubo Ulcers, Cutaneous Eruptions, etc., will be treated successfully. All Syphilitic and Mercurial Taints entirely removed from the system.

DR. PERRAULT'S diplomas are in his office, where patients can see for themselves that they are under the care of a regularly educated practitioner. The best references given if required.

Patients suffering under chronic diseases, can call and examine for themselves. We invite investigation; claim not to know everything, nor to cure everybody, but we do claim that in all cases taken under treatment we fulfil our promises. We particularly request those who have tried this boasted doctor, and that advertised physician, till worn out and discouraged, to call upon us.

Low charges and quick cures.

Ladies suffering from any complaint incidental to their sex, can consult the doctor, with the assurance of relief.

Female Monthly Pills.

DR. PERRAULT is the only agent in California for DR. BIOT'S Female Monthly Pills. Their immense sale has established their reputation as a female remedy, unapproached, and far in advance of every other remedy for suppressions and irregularities, and other obstructions in females. On the receipt of five dollars, these Pills will be sent by mail or express to any part of the world, secure from curiosity or damage.

Persons at a distance can be cured at home, by addressing a letter to Dr. PERRAULT, corner of Sacramento and Montgomery streets, Rooms, 10 and 11, or Box 973, P. O., San Francisco, stating the case as minutely as possible, general habits of living, occupation, etc., etc.

All communications confidential jc 23-1y

MEDICAL.

DR. CHAS. H. TOZER'S
PRIVATE MEDICAL INSTITUTE,

N. E. Corner of Kearny and Jackson Streets,
SAN FRANCISCO.

The Great Eradicator of Special complaints, formerly of Locke Hospital, London, Eight Years in Sacramento, and the last Four Years in San Francisco.

DR. TOZER'S

Experience is of forty year's standing, and during that time he has met with unparalleled success in the treatment of all those diseases generally known as Venereal or Chronic.

It is impossible here to mention all the diseases with which he is familiar; some, perhaps, will not be out of place. The most formidable, the most destructive to mankind is Self-Abuse. The brain being the seat of the disease, the whole system suffers in consequence. I will here enumerate some of the symptoms, so that those afflicted may be able to form an opinion in regard to their complaints and seek advice in time, thereby saving themselves a world of suffering: Nervous Debility, Loss of Memory, Pain in the Limbs and Back, Palpitation of the Heart, Trembling of the limbs, Headache and an aversion to general society, especially that of females. There are a great many more, but these are sufficient, and should you be suffering from any of them, call on Dr TOZER, and he will cure you in a short time, without any interruption to your business—or state your case by letter, and there will be no occasion for your calling at the office.

Stricture of the Urethra

Is another formidable enemy to health. Send for one of my circulars on that disease, and inform yourself of its terrible results. The worst cases cured in a few days.

Venereal Diseases,

In all their various forms, either Primary, Secondary or Hereditary, completely eradicated from the system. Your constitution being restored to perfect health, there will be no danger of handing down to your children that terrible disease known as Scrofula.

Syphilitic Disease,

As it presents itself on this coast, is of a more formidable character than that seen in the Atlantic States or Europe, arising from the fact of its being a compound of Spanish, Chinese and Sandwich Island disease. Those of you who have visited the two countries no doubt have seen the dreadful effects of it on the native and foreign population. It requires altogether different modes of treatment.

The Old Formulas

Of Ricord, Acton and Bostwick, are of little account, except to dry up the disease on the surface, leaving the poison in the blood, which, sooner or later, will show itself as a secondary disease in an aggravated form. These facts I have learned by experience, and think I can say without boasting, that I have seen more practice in these diseases than any other physician in San Francisco, dating, as it does, from 1849. It becomes you, therefore, to think well before you employ a physician. Who is the proper one to consult? An old experienced one, or one who has recently settled among you?

My plan is purely vegetable, destroying the disease and purifying the blood so that there is no danger of secondary symptoms.

Rheumatism, Neuralgia,

And diseases arising from the use of Mercury, such as pains in the skin bones, swellings of the different joints of the body, running sores, etc., and impurities of the blood, cured in a short time by the use of my VEGETABLE MIXTURES, known only to myself.

Seminal Weakness.

Should you be afflicted with any of the following symptoms, such as weakness of the Back and Limbs Pain in the Head, Dimness of Vision, Nervousness and General Debility, Loss of Memory, Confusion of Ideas, and Depression of Spirits, Evil Forboding, Self-distrust, and an aversion to society, consult DR. TOZER at once, and he will restore you to perfect health.

To Females.

When you are afflicted with Weakness of the Back and Limbs, Head, Loss of Muscular Power, Palpitation of the Heart, Irritability, Nervousness, Extreme Urinary Difficulties, Derangement of the Monthly Sickness, Sterility, and other diseases peculiar to females, consult DR. TOZER, and you will receive particular attention. Let no false delicacy prevent you, but apply at once, and save yourself from painful suffering and premature death.

My rooms are so arranged that there is no danger of exposure, and of meeting any one save the Doctor

My FEMALE MONTHLY PILLS were never known to fail in giving relief in those cases for which they are recommended. To be obtained only at my office.

TOZER, can, by submitting a written statement of their case to the Doctor, receive all the attention and medicines necessary to affect a cure without the necessity of a personal interview.

A Grateful Acknowledgement to Skillful Gentlemen.

SAN FRANCISCO, June 1, 1866.

Dr. Chas. H. Tozer:—Dear Sir: You will excuse me for not writing to you sooner. You will please remember me as the individual who called on you for assistance about a year ago. The roof of my mouth had completely rotted out, and my palate dropped and there remained, stopping up the passage so that I could hardly eat. You remember you cut it out at once, which relieved me immediately, and I was enabled to swallow my food, and in a short time began to improve. I took your medicine, and followed your directions for several months. You finally succeeded in stopping the disease, saving my nose and upper lip, though you frequently cautioned me about losing it. I continued to improve until you finally recommended me to go into the country, and before going, by your advice, I had a cast taken of my mouth, in order that I could have a plate made for me to enable me to speak so as to be understood, and am now using it. My eternal thanks are due to you for the perseverance and skill that you displayed in my case; and I have to thank you for my restored health, and even my life, as I was very near bleeding to death several times from the nose. I am now in Sacramento City, enjoying good health, and I shall recommend all my friends to call on you should they be so unfortunate as to require assistance; and I would advise all persons to avoid certain scientific doctors in your city, for they will send them to a land from whence no traveler returns.

With my best wishes for the success of both of you, I remain, yours, etc., S. S. T.

QUICK CURES AND MODERATE CHARGES.

DR. W. K. DOHERTY'S
Private Medical and Surgical Institute

Sacramento Street, below Montgomery, opposite the Pacific Mail Steamship Company's Office. Private entrance on Leidesdorff street, San Francisco.

Established expressly to afford the afflicted sound and scientific medical aid in the treatment and cure of all Private and Chronic Diseases, cases of Secrecy and all Sexual Disorders.

TO THE AFFLICTED.

DR. W. K. DOHERTY returns his sincere thanks to his numerous patients for their patronage, and would take this opportunity to remind them that he continues to consult at his Institute for the cure of chronic diseases of the Lungs, Liver, Kidneys, Digestive and Genito-Urinary Organs, and all private diseases, viz: Syphilis in all it forms and stages, Seminal Weakness, and all the horrid consequences of self-abuse, Gonorrhœa, Gleet, Strictures, Nocturnal and Diurnal emissions, Sexual Disability, Diseases of the Back and Loins, Inflammation of the Bladder and Kidneys, etc., etc., and he hopes that his long experience and successful practice will continue to ensure him a share of public patronage. By the practice of many years in Europe and the United States, he is enabled to apply the most efficient and successful remedies against diseases of all kinds. He uses no mercury, charges moderate, treats his patients in a correct and honorable way, and has references from men of known respectability and high standing in society. All parties consulting him by letter of otherwise, will receive the best and gentlest treatment, and implicit secrecy.

DR. DOHERTY would call attention to the following certificates from two of his patients, who, having fully recovered their health, desire to make known their remedial agent. It will be seen their statements are fully authenticated by a Notary Public.

The welfare of society imperiously demand their publicity and they are given more to warn the unwary than to sound the praise of a Physician, of whom hundreds of like cases can be cited during a practice of more than fifteen years.

DR. DOHERTY—Dear Sir: I feel my health so fully restored, that in common gratitude, I believe I should make you some written acknowledgement for your valuable services—particularly as your fee was small for the work performed.

I arrived in this city from the East about one year ago, and was then suffering from an old case of Gleet, complicated with Stricture. Being a stranger in this city, and believing those Doctors who gave such positive assurances of success were necessarily the best, (some of whom have a large number of titles,) I placed myself in their charge and continued under their treatment until I had lost nearly all hope and a considerable sum of money.

I wish to say now that you are the sixth Doctor I have employed, and the only one that has ever done me any service. My Gleet is wholly cured, the Stricture is all removed, and my general health is better than it has been for years.

In conclusion, I would say to the many unfortunates who require medical advice, if you have any doubt as to whom you may employ, ask Dr. Doherty for my addres and call and see me. (I keep store in this city.) My experience may save you many dollars.

I would also add that in the early stage of my disease I used a large amount of the preparations advertised as an infallible care for Gonorrhœ, Gleet, etc., but never derived any benefit from them.

I am, Doctor, very truly yours,
L—— H——.

Seminal Weakness—A Sworn-to Certificate of a most Remarkable Cure of Spermatorrhœa.

A desire to benefit humanity, and a feeling of gratitude to Dr. W. K. Doherty, alone induces me to make this statement. For many years I have been afflicted with that fearful disease known as "Spermatorrhœa," or Seminal Weakness, the result of self-abuse, but till 1855 experienced but little trouble or inconvenience. In that year however, I had Seminal Weakness to an alarming extent, which was soon followed by the most alarming symptons as weakness of the back and limbs, pain in the head, dimness of vision, nervousness and general debility. My mind, too, was afflicted to such an extent as to seriously impair my memory; my ideas were confused and spirits depressed. I was averse to society, had evil forebodings and self-distrust, and was entirely unfitted for any of the duties of life. From 1855 to the summer of 1863, I employed the very best medical talent I could find, and spent several hundred dollars, but in no instance obtained more than temporary relief. I had about concluded there was no relief for me in this world, but seeing Dr. Doherty's advertisement, I thought I would call and see him, as he charged nothing for consultation. I had an interview with Dr. Doherty at his office, in Sacramento street, and his fee for treatment was so reasonable I determined to try him, though I did not expect much benefit from his treatment. On the 5th of December last I placed myself under his care; in one week I found myself very much improved, and, now, after five weeks' treatment, I feel myself thoroughly cured of all my troubles and in the enjoyment of the best health. Hoping that my experience may be of benefit to others similarly afflicted, I subscribe myself JAMES JOHNSTON.

Subscribed and sworn to before me, this 15th day of January, A. D. 1864.

[L. S.] A. G. RANDALL, Notary Public.

THIS CELEBRATED INSTITUTE

has enjoyed on this coast an uninterrupted success of fourteen years, and has become one of the renowned Hospitals of the age. What the celebrated Lock Hospital is to London, and the no less renowned establishment of Ricord is to Paris, this Institute has become to the Pacific coast. The thousands annually received and cured place it in point of number of patients among the very first of the world and the success of its treatment ranks it second to none.

PRIVATE DISEASES IN MALES and IRREGULARITIES IN FEMALES are the great destroyers of health. They insidiously attack the system and gradually undermine and destroy it; they drive the bloom from the cheek, the lustre from the eye, the strength from the frame; they give to the world puny and diseased offspring, and poison through successive generations the race of man. The marks can be seen in Scrofula, Consumption, Cripples, the Idiotic, the Paralytic, the Insane, etc.

There is no more terrible scourge to the human race than those diseases arising from the contamination of Venerial Poison. The mildest forms, by retreating to the blood, hold over the afflicted one, the destruction that is liable at any moment to fall and blight—to utterly destroy—all earthly hopes.

MERCURY, recognized as the most fatal medical enemy to man, combining with the Venereal, doubles its dangers. Those who have been treated with that pernicious mineral poison are not cured; the disease has only assumed a new form.

Do not be satisfied with partial cures

that leave the poison to crawl through the system, eating its way into the tissues and organs beneath the apparently smooth surface, to burst out in the future with a virulence that will baffle the effects of medicine. WHEN PERFECT CURES can be obtained by consulting a physician whom long practice and thorough investigation into the causes of DISEASES of the URINARY ORGANS enables to determine at once the nature of the disease.

In all cases entrusted to the Doctor's care, PERFECT, SPEEDY and PERMANENT,

Cures are Always Guaranteed.

Seminal Weakness or Spermatorrhœa

The young man who experiences that growing weakness in his muscular and mental organization should stop to consider whence it arises. He will find in the weakness of the back, trembling of the limbs, disordered digestion unaccountable failing of the powers of the mind, distaste for society, dread of impending trouble, forebodings of evil, sleeplessness, troubled and lascivious dreams, accompanied by growing deafness, loss of muscular power, and numerous other symptons of disorganization, the positive traces of that most terrible and destructive of all diseases Seminal Weakness—wasting away his powers, destroying his hope of life and manhood, and dragging him along the broken path of his existence towards a premature and loathsome grave. To him who finds his life dribbling out in the discharge of the vital principle of existence in nocturnal and diurnal emissions, the mere cessation of its appearance brings no assurance of relief.

Marriage, that holy office, the safeguard and hope of manhood, brings to such an one no hope of cure, but adds to his misery in the knowledge that the one, who looks to him for so much of her happiness, is a victim to his evil, and an innocent companion of his punishment. He adds to his misery and disorder until hope leaves him. There is no rescue except in proper and skillful treatment. Consult then, at once, a physician whom long practice and careful research has made thoroughly conversant with every phase of the disease. Those who have become the victims of solitary vices, that dreadful, fascinating and destructive habit, which fills thousands of sick-rooms with paralytics and consumptives, and hundreds of untimely graves with its misguided victims, should consult, without a moment's delay, one who will sympathize with their sufferings. To such the Doctor would especially address himself, giving to each and all assurance of a PERFECT and PERMANENT CURE, without hindrance to business, change of diet, or fear of exposure.

Do not forget the address. See below.

Important to Females.

When a female is in trouble or afflicted with disease and requires medical or surgical assistance, the enquiry should be, Where is there a physician who is fully competent to administer relief, and whose respectable standing in society recommends him to the confidence of the community? The Doctor understanding how imperatively necessary these requirements are, feels called upon to interpose, and beg the attention of the afflicted to the fact that he has been a Professor of Obstetrics and Female Diseases for twenty years, and is fully qualified to administer in all cases, both medically and surgically, not in a superficial manner, but in as thorough a manner as years of study and practice—both in hospitals and private families—can make, to save them from the hands of the unqualified, unscrupulous and designing. Therefore families can rely upon him as upon a father. All in affliction can find in him one who will feel and sympathize with and befriend them in trouble—one in whose secrecy the utmost confidence can be placed. Consultation by letter or otherwise, FREE. See address below.

THE CELEBRATED FEMALE REMEDIES, compounded from the private prescription of Dr. Young, have now obtained a most extended popularity, and are correctly viewed to be the safest and surest remedies for the complaints for which they are applied. The constantly accruing testimonials of their efficacy declare them to be pre-eminently superior in their action. No lady should be without these Renovating Agents. None genuine unless procured at this office.
